INCA 38th International Congress on Emerging Technologies in Cartography
October 29th to 31st, 2018 - Hyderabad, India

Guideline for Poster Presentations

1. General

This manual for the presentation of technical papers has been prepared in order to improve the quality of the 38th INCA Congress.

The language of the congress will be English. Simultaneous translation will not be provided. To assure that there is effective communication between the speaker and the audience, a speaker must speak clearly, slowly, and concisely.

2. Poster Display

Your poster will be set-up at the poster display designated area. The display will be on boards marked with the confirmation number of your INCA paper ID. Identify your paper number and confirm the location where to display your poster. The poster sessions timings are available in the website and program list. The poster must be **put up before the poster session** and must stay on display until 17:30 hrs of the same day. Please remove the poster after 17:30 hrs.

3. Poster Boards

The size of the poster board (Pin-up board) is 6 ft (W) x 4 ft (H). **However, the effective display area available for poster display will be 33 inches (W) x 47 inches (H)**. The surface material is similar to velvet. The recommended method of affixing the posters to the boards is with the help of Push Pins, Drawing Pins etc and this will be provided. **Kindly download and use the poster template available in the INCA website.**

4. Display Material

(1) Design the space allocation carefully using several well balanced sections including title, objectives, methodology, input data, case study, results, analysis, conclusion(s), etc. All sections should be well-presented using coloured paper or a colourfully painted border. Sections may be connected by arrows to show the flow of the study.

(2) Please go through the poster template for character font and size.
